- 4) 入学时间: *Spring 2019 or Fall 2019.*

[About the Ph.D. Positions]:

The successful applicants will have the opportunity to conduct cutting-edge research in the areas of Mobile security, Robot Security, Unmanned Aerial Vehicle Security, Medical Device Security, Biometric Security, and Machine Learning based Security. One of our group has made a lot of amazing hacking demos on our Youtube Channel

<https://www.youtube.com/channel/UCGMX3ZbEIV7BZYIX7RtF5tg>. Our group has published papers in top security conferences. The selected applicants will also have the opportunities to collaborate with researchers from other world-class universities such as University of Pennsylvania and CMU. Our group is applying for several patents and will open several startup companies. Thus, startup opportunities are available as well. For more information about potential research topics and projects, please email xiali.hei@louisiana.edu.

Please send your detailed CV in PDF format to Dr. Xiali Hei

(<http://www.xialihei.com>) (xiali.hei@louisiana.edu). You must provide your GPA and your GRE and TOEFL scores in your CV.

Minimum requests: $GPA \geq 3.0$, $TOEFL \geq 79$ or $IELTS \geq 6.5$, and $GRE \text{ verbal} \geq 145$.

All the Ph.D students will get full support (RA/TA, tuition + salary+bonus).
